

Professional Doritos Making Machine With Custom-Design Service

Introduction of Doritos Making Machine:

Tortilla, Doritos, Corn Chips production line is mainly made of corn flour, water vegetable oil and salt, mostly made from yellow corn can also be used to produce white corn red corn, after extrusion puffing, calendering into triangular, round, square and other shapes of flakes, and then baked or fried and then seasoned, its crispy taste, rich in nutrients, easy to digest, loved by people of different ages at home and abroad, after the molding of the remaining material crushed and can be reused.

The new doritos production process has the advantages of short production process, time saving, lower production cost and less equipment investment. In addition, the product has the characteristics of stable quality and long shelf life.

The whole doritos production line can automatically complete the production from mixer, twin screw extruder, shaping machine, cooler, fryer or baking machine, flavoring line to the finished product.

Details of the production line:

Production capacity	120-1000kg/h
Electricity supply	Customised according to your local electricity situation.
Machine details	1.Stainless steel:201, 304, 316, on request. 2.Electrical components can be ABB, Delta, Fuji, Siemens, famous brands.
Certificates	CE,GOST,TUV,BV,SGS

Flow chart of Doritos processing line:

Mixer-Twin Screw Extruder-Shaping Machine-Cooler-Fryer Or Baking Machine-Flavoring Line.

Features of the Doritos processing line

1. Productivity: automated system for controlled and stable production on a continuous basis, easy and quick product change, automatic start-up, simple cleaning and maintenance procedures.

2. Economical: low investment, quick results.

3. Environmental protection: moderate output and energy saving.

4. Intelligent control system: PLC control of production to ensure optimum process parameters for each recipe.

5. Automatic lubrication system can reduce power consumption and prolong service life.

Parameters of the Doritos Production Line

Model	Installed Power (KW)	Power Consumption (kw)	Capacity (kg/h)	Dimension (m)
LY65 Doritos Production Line	92	64	120-150	19000*2300*2200mm
LY70 Doritos Production Line	111	78	200-250	20000*2300*2200mm
LY85 Doritos Production Line	240	180	300-500	23000*1500*2300mm
KING75 Doritos Production Line	243	183	300-400	23000*1500*2800mm
KING95 Doritos Production Line	371	278	800-1000	27000*1500*3000mm
